GARDENS AND GARDENING

Sir:—On Thursday night, March 7th, I have been asked to speak at the Horticultural Association. At that time my subject will be the whole story of gardens and gardening, with special reference to the new undertaking of the Horticultural Association to produce more and better gardens in the Sidney area. The thought of the committee in charge is not to load up the people with a lot of scientific names, but to help, in so far as we are able, to get each individual taking part in the project to make the most of the conditions on that particular plot of land where they reside. It is not so much the size of the plot, or the number of varieties grown, or the rarity of the species, but did they make the most of their own particular problem as it presented itself.

We hope to be able to present the seed in many instances for the gardens in question. We especially wish all of our friends to be present.

E. M. STRAIGHT,
Superintendent,
Experimental Station.

British Columbia Business Summary

The following is the business summary for British Columbia appearing in the February report issued by the Bank of Montreal:

Business, which was adversely affected by a snow storm of abnormal proportions that tied up rail and road transportation facilities for over a week, is now improving and conditions are almost back to normal. As a result of flood damage in the Fraser Valley, prices of hay and roots have strengthened. The Okanagan apple crop is selling satisfactorily, the amount unsold, 770,000 boxes, being about the same as a year ago. Log prices have stiffened, consequent on a shutdown of camps because of weather conditions, but the temporary shortage should be quickly overcome, as camps are again in full operation. Lumber orders from the United Kingdom fell off in January, but mills are estimated to have 20% more orders on hand than a year ago. The salmon pack is being disposed of steadily, except chums, which are moving slowly. Manufacturing in British Columbia in 1934 was considerably greater than in the preceding year and the average number of employees increased approximately 17%. Sales of new passenger automobiles in British Columbia last year are reported to have increased by 65% and commercial cars by 81%.

Many local citizens are hard at work cleaning up their yards, big piles of dead leaves, tree-trimmings, etc., are burning in many places. Garden lovers are busy everywhere, pet plants are being trimmed up, bulbs sorted over, seeds planted, and a lot of spade work done.

It won't be long now until the softball fans are hard at it again. The fine summer-like days have already started many talking of what they are going to do this coming season, and so forth.

The chorus of frogs gets louder, and louder as the season advances and we sometimes wonder just how many "croakers" there are in North Saanich.

With the automobile ferry operating all year round between Anacortes and Sidney considerable increase in traffic is anticipated. Been across lately?

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "So God created man in his own image, in the image of God created he him; male and female created he them" (Genesis 1:27).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Man reflects infinite Truth, Life, and Love. BRIDE-TO-BE HONORED

Miss Alma Heyer, whose marriage will take place this month, was the guest of honor on Thursday evening in the South Saanich United Church when a large number of friends gathered for the occasion.

Games and contests were enjoyed, followed by supper. A two-tier wedding cake surmounted with a silver vase of Japanese plum blossoms held the place of honor on the table. Members of the Ladies' Aid Society had charge of the supper arrangements.

Rev. Thos. Keyworth spoke highly of Miss Heyer's work in the various organizations of the church and Mr. Hore, on behalf of the gathering of church workers and friends, presented Miss Heyer with a mantle clock with inlaid silver plate suitably inscribed. Miss Heyer was also presented with an illustrated address.

"It was worthless until properly advertised"

For a long time it was a failure. No one would buy a Gillette Razor. In desperation King C. Gillette began giving razors away. But it did no good.

It was not till nearly ten years later, when an advertising expert came along that Gillette Razors began to boom. In a few years Gillette was a rich man. His company came to have a capital of £6,000,000, with a profit of £1,500,000 and factories all over the world.

One fact stands out: **THE IDEA WAS WORTHLESS UNTIL PROPERLY ADVERTISED.**

Why shouldn't you benefit by advertising? Harness the "power of the Press" to your own problem. Tell people about your product or service. And keep telling them! It's the 'hammer, hammer, hammer that brings the business in. Remember —

THE VIMY PILGRIMAGE

(Taken from The Legionary)

The Vimy Pilgrimage is beginning to loom large in the minds and imaginations of the ex-service men and women of Canada. "Going to Vimy next year?" seems to be the most common question asked wherever Old Sweats foregather. And, judging by the tremendous number of inquiries received at Pilgrimage Headquarters in Ottawa, and the fact that completed registration forms, accompanied by the initial deposit, are already being sent in, it certainly looks as if the troops are going to translate thought into action. . . .

The pilgrimage sets out from Canada between June 20-25, 1936, on steamships of the Canadian Pacific and Cunard-White Star Lines and proceeds direct to France. A call at Halifax will be considered if sufficient "Maritime" bookings develop.

On landing, the Pilgrims will make tours of the Battlefields which will terminate in the afternoon of July 1—Dominion Day—when all parties will concentrate on Vimy Ridge for the unveiling of the Memorial anticipated on that date.

After the Vimy ceremonies the "troops" will cross the Channel to England in the ocean steamships. Several days will be spent in England and ceremonies appropriate to the Pilgrimage will be held in Empire Capital, while those who desire to do so may visit relatives and friends.

ALL-EXPENSE TOUR

The cost of the Pilgrimage, which will occupy about three and one-half weeks, will include all expenses for ocean transportation, meals, billeting, and land transportation in France, and bed and breakfast covering official tour in London.

PASSPORTS

It is expected that, through the courtesy of the Canadian Government, the usual passport fee will be waived (applicable to British subjects only).

CANADIAN RAIL FARES

Through the kind co-operation of the Canadian Railways, participants in the Pilgrimage will be entitled to a greatly reduced rate to and from the ocean port.
